Summary

Dedicated Machine Learning Engineer with a strong academic foundation in computer science and mathematics and hands-on experience in machine learning projects. Skilled in supervised and unsupervised learning techniques, neural networks, and deep learning frameworks such as Keras and PyTorch. Proven ability to handle large datasets and implement scalable machine learning solutions. Eager to bring expertise in model development, data analysis, and algorithm optimization to a dynamic tech environment.

Experience

20XX – PRESENT
Human Resources Generalist | Lamna Healthcare Company | Chicago, Illinois

Review, update, and revise company hiring practices, vacation, and other human resources policies to ensure compliance with OSHA and all local, state, and federal labor regulations. By creating and maintaining a positive and responsive work environment, we raised employee retention rates by over 10% to achieve a greater than 90% employee retention over 2 years. Developed recruitment programs to successfully increase minority recruitment and meet affirmative action requirements. Led development team to build and deploy a dedicated recruitment website which reduced year-over-year recruitment costs by 14%.

JUNE 20XX – AUGUST 20XX
Human Resources Intern | Wholeness Healthcare | Boomtown, Ohio

Assisted in recruitment outreach to prospective employees. Organized and conducted several seminars for hospital employees to educate and update them regarding available employment benefit options. Arranged hospital-wide guest speakers symposia to educate management about new employment laws and workplace confidence and morale building techniques. Administrative tasks.
